

Our commitment to Health, Safety, Security, and the Environment.

Lightsource bp is committed to having no accidents, maintaining the Health & Safety of our employees, preventing harm to those who may be affected by Lightsource bp operations, and protecting the environment. Our commitment to HSSE is embedded in everything we do.

Everyone who works for or partners with Lightsource bp has a part to play in meeting our HSSE commitment; as such this policy applies to employees, contractors and visitors.

In order to achieve these aims and objectives, Lightsource bp is committed to:

- Providing a safe and healthy working environment for everyone: employees, contractors and visitors
- Systematically managing our operations activities to eliminate, reduce and mitigate our risks under an integrated HSSE Management System
- Complying with applicable laws and company policies and procedures
- Driving continuous improvement by regular monitoring and evaluating our HSSE performance
- Learning from both internal and external HSSE events
- Protecting the environment in all aspects of our business and operations
- Continue to be climate conscious by reducing our GHG emissions, protecting ecosystems and reducing waste
- Promoting Health & Safety awareness and environmental sustainability throughout our organisation and value chain
- Leading by example in HSSE related issues

We must be vigilant, disciplined and always looking out for one another.
