Subject: Goulburn River Solar Farm – Addendum TMP for non-high risk heavy vehicles requiring escort

Dear Ms Kramer,

I refer to the Addendum to the Traffic Management Plan (12 December 2025) submitted in accordance with Condition B10, Schedule 2 of the consent for the Goulburn River Solar Farm (SSD-33459633). I also acknowledge your response to the Department's review comments and request for additional information.

I note the Addendum to the Traffic Management Plan:

- is to allow for the movement of four (4) transportable buildings to site between 17 December 2025 and 31 May 2026;
- describes the criteria for the movements in Table 1 and while the buildings meet the definition of heavy vehicles requiring escort, they are not considered high-risk movements;
- contains additional mitigation and management details in Table 2;
- has been prepared in consultation with TfNSW and Upper Hunter Shire Council; and
- contains the information required by the conditions of approval.

As nominee of the Planning Secretary, I conditionally approve the Addendum to the Traffic Management Plan (dated 12 December 2025) in accordance with Condition B10, Schedule 2 of the consent.

The Department requests Lightsource Development Services Australia Pty Ltd resubmit a revised Traffic Management Plan for approval via the Major Projects Portal that includes:

- any changes to staging of management plans and strategies (where relevant); and

- a project specific traffic management system for managing high-risk heavy vehicles requiring escort as required by Condition B10(e)(xvi).

The revised Traffic Management Plan must be updated and approved by the Planning Secretary prior to the movement of any high-risk heavy vehicles requiring escort.

You are reminded that if there are any inconsistencies between the Traffic Management Plan and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Katie Weekes on 4927 3223.

Yours sincerely,
